

Understanding Self & Others

CMS Business School organized an after class HR activity on “Understanding Self & others”. The main objective of the event was, to make students of batch 2015-17 understand their core qualities by gauging themselves on the basis of a Psychometric test and then they were divided into groups based on their results. The session was rich with knowledge and also fun because students were whole heartedly participated and learnt the importance of breaking out of their comfort zone. A refreshing change for the students from the regular classes!
