

LEADER PROJECT 2015

CMS Business School, Jain University in association with the top ranked Richard Ivey School of Business conducted 11 days of Leader Project, which is globally renowned jumpstart programme on Entrepreneurship from 13 April to 25 April 2015.

The Leader Project helped the participants to develop a business plan for action and teaches entrepreneurial skills required to be successful in a new venture where Students have the opportunity to develop their analytical and decision-making skills, as well as overall business acumen.

CMS Business School ensured diversity in participation where we had entrepreneurs, students and students from Entrepreneurship course of Jain University attended this development programme. Facilitators from Richard Ivey School of Business visited CMS Business School, Jain University for the conduction of Leader Project.
