One Day Corporate Workshop on Investment Banking

investment banking

Event Highlight

India has witnessed a phenomenal surge in business activity in the recent past and financial institutions have successfully partnered Indian corporates in various Investment Banking initiatives. Investment bankers have helped Indian corporates in the areas of Domestic and International Fund Raising, Mergers & Acquisitions, Private Equity and Asset Management Services. These services have been spearheaded by a number of investment banks, including boutique banks. This workshop aims to demystify the concepts and terms related to Investment Banking, understanding of various functions of an Investment Bank, statutory regulations applicable and the fund raising process.

Best suited for

- Post graduate students, specializing in Finance
- Working professionals keen to understand the concept and tools of this field.

Program Content

This session aims to blend academics and some of the best industry practices related to Investment Banking. At the end of the session, the participants should be in the position to understand
