## About CMS Business School - Jain (Deemed-to-be University)

Established in 2000, CMS Business School, Jain (Deemed-to-be University) has a strong track record of education with a combination of industry and academia in Management. It is India's leading business school with an international perspective and a learning place where ideas are born, theories are debated, and businesses are done. The business school is much more than a source of knowledge; it is a catalyst that makes a difference to the career and personal progression of every student. The MBA programs have a strong foundation in academic research and practice and are designed to solve real concerns that face today's global businesses.

## Acumen Aviation:

Established in 2009 at Ireland, Acumen is an aircraft asset lease manager with a global platform with offices in India, China and the USA. With a team boasting of over 300 years of cumulative experience, Acumen offers a full range of services throughout the lifecycle of the aircraft including aircraft sourcing, pre-purchase inspections (physical and records), project management, lease management, re-marketing, fleet audits, aircraft trading, power plant management, aircraft valuations and CAMO services. Its customers include aircraft lessors, airlines, banks, private equity and investors.

## Instructors

### **Manish Kumar Singh**

SVP- Special Projects

Manish Kumar Singh is an experienced professional having successfully delivered several key re-deliveries, mid-term, sales assistance and pre-purchase projects. Working with Acumen since 2009, Manish previously was a consultant for BBAM LLC, Air-France Industries KLM Engineering & Maintenance as aircraft service engineer.

### **Vishwanath Hampanna**

VP- Training

Vishwanath has over 28 years of experience in technical training domain with leading airlines in India. He is well versed with conducting mid-term inspection courses for the benefit of experienced maintenance personnel who go on to successfully migrate to either asset management companies as technical inspectors or become members of Acumen's in-house technical asset management team.

### **Jack Judge**

Senior Technical Asset

Manager

Jack Judge is a senior asset manager based out of Acumen's Dublin office and is responsible for managing some of Acumen's key accounts. Jack has 13 years of experience in the industry and balances between manufacture, overhaul, airline operations and leasing.
