### 1. Introduction:

The one-day seminar ECONSPACE-I had the students’ intellectual curiosity and groundbreaking research converged in a symphony of knowledge exchange. The event provided a day of insightful exploration and dynamic discussions to our new batch of MBA students’ of the batch 2023-25. This seminar had showcased the first semester students’ latest findings, innovations and advancements in the field of research. The entire day was filled with engaging paper presentations that spanned a spectrum of disciplines, providing a comprehensive view of the cutting edge developments in our academic community.

Our distinguished speakers, who were experts in their respective fields, delved into topics that spanned from the realms of agriculture and rural development, industrial growth, service sector opportunities, energy resources, inflation, economic reforms, health sector, education development, poverty and finally dealt with environment and sustainability.

The seminar aimed to foster an environment where ideas were flourished, connections were forged and intellectual boundaries were pushed. It was a unique opportunity for the students to engage with like-minded peers, gain valuable insights and contribute to the collective advancement of knowledge.

### 2. Program Objectives:

- i. Provide a platform for knowledge sharing and exchange of ideas to the students.
- ii. Creating awareness of the current issues and challenges hindering India’s Economic Growth among the students.

- iii. Providing students an opportunity to participate in an insightful discussion delivered by the experts.
- iv. Inspire and motivate participants to actively participate in the research activity and gain experiential learning on Economics.

Dear Prof. Suryanarayan,

Greetings from CMS Business School, JAIN (Deemed-to-be University).

It is our pleasure to invite you as a Guest Speaker for the Business Practitioner session for our students of MBA Batch 2023-25 of Semester I for delivery under the TAP-R Model.

JAIN (Deemed-to-be University) is a hub for learning and is ranked among the top universities in India. It is considered a cerebral destination for students across the world and Bangalore in particular, for its illustrious history of developing talent. The Bangalore-based University offers a great environment for learning, be it academics or extracurricular activities.

Known for its emphasis on education, entrepreneurship, research and sports, it has some of the best minds in the educational and research fields and centres that inspire entrepreneurship and ground-breaking work to simplify and manage life better. What makes JAIN (Deemed-to-be University) different is its outlook towards life, its values and beliefs. Its ever-evolving and open-minded system and quest for continued success and resilience, has made it one of the top universities in India.

The university has been accredited with A++ with a cumulative grade point of 3.71 in the year 2021 by the National Assessment and Accreditation Council (NAAC) and is ranked 68<sup>th</sup> nationally in the National Institutional Ranking Framework (NIRF), Government of India, in 2023.

CMS Business School, an integral part of JAIN (Deemed-to-be University) is a place where ideas are born, theories are debated and business is done. Much more than a source of knowledge, it is a catalyst that can make a difference to the career and personal progression of students. Our MBA Program has a strong foundation in academic research, yet is designed to tackle the very real issues that face today's international business community. The MBA program is rejuvenated with the TAP-R Model that brings it on par with international standards.

CMS Business School, JAIN (Deemed-to-be University), established in 2009, is among the top 100 Business Schools in the country, in the latest ranking according to the National Institutional Ranking Framework (NIRF), Govt of India. The Business School was recently accredited by the National Board of Accreditation (NBA) for a period of 3 years.

TAP-R Model is a framework for learner achievement that incorporates Theory, Application and Practice sessions with emphasis on Research. It is founded on Synergy developed by Mouton and Blake (1984), and is a systematic approach to learning that balances pedagogy and andragogy approaches to synergistically allow the adult learner to achieve their goals.

Blended learning will be the facilitation approach for both academicians and industry practitioners to jointly deliver each course.

As a Business Practitioner, you are requested to demonstrate how Management principles are practiced in your organization and the sector. The specific brief provided by the subject coordinator will help you design the process for effective delivery.

As a Faculty of Business Economics Course and on behalf of our General Management Area, I once again invite you to interact with our students as per the details given below:

Session Title: Inflation and Exchange rate: India's growth trajectory.
