FiG Club Activity

Event – 1

Date: 05-11-2024

Activity Name: FiG

Faculty Coordinator: Dr. Chaya Bagrecha, Dr. Lourden Selvamani

Contact No. 9486855453

Guest Name: NA

Guest Designation: NA

Company Name: NA

Topic: Data Wranglers

Duration: 1HOUR 30 MINUTES

Venue: Lecture Hall 202, 2nd Floor FMS, CMS, BS - JU

No. of Participated: 16

Summary: (Write-up required minimum 4 to 5 lines)

Data Wranglers – "Be the Sherlock Holmes of R Code" The "Data Wranglers" event, held on November 11, 2024, at CMS Business School, Jain (Deemed-to-be University), was designed to give participants a hands-on experience in debugging R code related to financial calculations. The event kicked off promptly at 2:15 PM in Lab 202 with a brief introduction from the coordinators and student volunteers. Participants were grouped into teams of two, each taking on the role of a "Sherlock Holmes" of R code, tasked with solving coding challenges specifically focused on financial return calculations. Each team received a set of flashcards, guiding them through a sequence of debugging tasks. These codes were crafted to test participants' problem-solving abilities, attention to detail, and understanding of financial computations in R. Student coordinators actively supported the event, ensuring a smooth flow and helping participants as needed. There was a palpable sense of excitement in the room as teams worked against the clock to debug the code accurately. As the event progressed, teams earned points based on their ability to correctly debug

each code segment. A scoring system was in place, with points awarded for speed and accuracy, adding a competitive edge to the event. Toward the end, the team with the highest score was announced as the winner, having demonstrated exceptional skill in debugging the R code. The winning team will receive awards, in alignment with the event guidelines, recognizing their accomplishment in this engaging and challenging coding competition. Overall, "Data Wranglers" was a resounding success, leaving participants with enhanced skills and a greater enthusiasm for coding in R.
