The tax payers can choose between the old and new income tax regimes. This practice continued from FY 2020-21 to FY 2022-23. With effect from 1st April 2023, revised income tax regime is introduced.

What next is the core theme of this event? The participating teams should carve out the income tax proposals for FY 2024- 25 by detailing the proposed amendments to the tax regimes. The factors like revenue, widening the tax base, compliance, thrust for savings and investments, fueling consumption, etc. play a crucial role in framing the income tax proposals.
