Topic: CORPORATE CZAR SERIES - VIII - Agritech - Opportunities and Challenges

Duration: 1:30 hours

Venue: Seminar Hall – 2, 2nd Floor, FMS, CMS, BS - JU

No. of Participated: 140

Summary: (Write-up required minimum 4 to 5 lines)

After attending the session on "Agritech - Opportunities and Challenges," students explored the transformative role of technology in agriculture, including innovations like precision farming and data-driven crop management. They discussed key challenges such as scalability, infrastructure gaps, and farmer adoption of new technologies. The session emphasized the potential of Agritech in improving productivity, sustainability, and food security in the global agricultural landscape.
