to Suchanda, Shubham	

Dear Suchanda and Shubham,

PFA the questions after scrutiny by me.

However, I am little apprehensive before we proceed to include them in the main battery of questions, first prepare 50 questions among them in the ratio of 60:30:20 ratio comprising easy:moderate:difficult for 2nd round, and later choose 30 questions for final round comprising max medium to difficult questions in any ratio for the final round.

If possible please mail them in the final excel formats with separate excel sheets for the 2nd round and final round, please let me see before you feed in the software/app meant for the purpose, just come prepared with the final version of the questions in a well drafted excel sheet, you may as well feed into the software if possible, however, I may change a few questions here and there, so make sure changes are possible whichever app you are choosing, by the way, did you not include all questions which I have dictated/mentioned on sunday and monday with shubham? have you deleted any? please let me know, let us meet tomorrow at 1 PM.

PFA the revised questions.
