1. Introduction:

The Mock Stock Trading - Dalal Street - who Will Be the Next “Big Bull”? competition is an exciting event that brings together students to compete against each other in a simulated trading environment. This type of competition provides a unique opportunity for aspiring traders to gain practical experience in stock market trading while also allowing them to put their theoretical knowledge to the test. The competition typically involves a mix of mock trading exercises and live trading simulations, with participants using virtual funds to invest in a range of stocks and other securities.

2. Program Objectives:

- Experiencing the nitty-gritties of stock market trading
- Apply trading strategies in the simulated environment

3. Relevance to PO, Relevance to PEO and PSOs

| PO | Program Objective (PO) |
|-----|---|
| PO1 | Apply knowledge of management theories and practices to address and resolve business challenges |
| PO2 | Demonstrate analytical and critical thinking abilities for information-based decision making |
| PO3 | Analyse global, economic, legal and ethical aspects of business |
| PO4 | Apply trans-disciplinary tools and techniques towards effective problem solving |
| PO5 | Assist others and self in accomplishing organizational objectives and contribute effectively to a collaborative team setting. |
| PO6 | Exhibit an entrepreneurial mind-set for the establishment of sustainable businesses and societies. |
| PO7 | Exemplify value-based leadership for excellence |

4. Activity Overview:

On February 28th, 2024, an interclass mock stock and live trading competition was held from 01:30 PM to 05:30 PM. The event provided participants with a valuable opportunity to gain a deeper understanding of how the stock market works, including the factors that affect stock prices and how to make informed investment decisions. Additionally, the live trading competition allowed participants to put their knowledge and skills to the test in a simulated

trading environment, potentially providing valuable real-world experience that can be applied in future trading scenarios. The event also provided networking opportunities and the identification of top performers based on their trading success.

5. Guest/Speakers’ Profile: NA

6. Summary and Key Learnings of the session:

The interclass mock stock and live trading competition is a highly engaging event that provides students with a unique opportunity to gain practical experience in stock market trading. The competition involves a mix of mock trading exercises and live trading simulations, allowing participants to test their skills and knowledge in a simulated environment. Key outcomes of the competition include improved understanding of the stock market, networking opportunities, the identification of top performers, and potentially valuable real-world experience that can be applied in future trading scenarios.
